BEACHES

1 | Leivadakia

A beach, 1,5km long with everything you need: plenty of shade, crystal blue waters and water sports. It's close to the port and many people choose it for a last swim before their departure from the island.

2 | Karavi

One of the best beaches and a good choice if you don't have any means of transport. Sandy coast and crystal clear deep blue water. There are no trees around, so it's ideal for sunbathing, although it's not a good idea for windy days.

3 | Agios Sostis

There are two different picturesque bays and a small church where you can enjoy the amazing view! It'd be good to arrive early enough to catch a spot in the shade and don't forget to bring water and snacks with you.

4 | Lia

No Trees, no shadow and no swimsuits! A naturist friendly beach with the best view of the small island Vou!

5 | Psili Ammos

The most popular beach of the island that has been adored by thousands of visitors! Its shore is golden sandy and its landscape exotic. During windy days the waves are high. Kids love it for its shallow warm waters. By the sea you'll find two taverns where you can enjoy seafood and the Greek cuisine.

6 | Kalo Ampeli

A shore that's a bit difficult to reach but so worth it! It takes a 20-minute walk through a path that passes by the picturesque chapel of Sotiras with a spectacular view. The beach has

golden sand, big rocks and is perfect for snorkeling. Swimmers will discover there a little secret gulf. There's no shade and no phone signal. We recommend that you have some supplies, such as fruits and water.

7 | Vagia

A beach of wild beauty, thick sand and crystal clear waters. It's the perfect scenery to stay and enjoy the sunset! It's the first smoke-free beach in Greece and a part of the preserved Natura 2000 area. You will find a canteen there, which provides cold refreshments and ice creams.

8 | Ganema

It's a long beach that has two sides. You can choose between the sandy one and the one that is covered in light colored small pebbles. It's a family friendly option. There is also a big parking space.

9 | Malliadiko

It's a bit difficult to find it but it's worth it! This bay provides the best protection from the summer wind ("Meltemi" in Greek) and it's so tranquil. A perfect choice for nature lovers with alternative vibes. It's also a secret hideaway for many Serifians!

10 | Megalo Livadi

It's an enchanting landscape with reminders of the past! You can see the ruins of the mining facilities - rails, wagons and the loading bridge. This beach is family friendly with dark sand, shallow and calm waters and taverns with fresh fish.

11 | Platis Gialos

A beautiful, picturesque beach at the northern part of the island. Super clean and chilly waters!

12 | Vous

It's a small non accessible rocky islet. It's named after the shape of a sleeping ox ("Vous" in Greek). In Chora you can have the best "view of the Vou"!

13 | Path

Serifos has a rich network of signposted trails. We recommend that you try the easy but walk-worthy path below.

LIVADI - CHORA

2.2 KM | 1 HR | EASY

Starting from Livadi you follow the main road to Chora. After approximately 900 meters you will find on your right the signposted start of the cobbled trail, which for many decades was the main road connecting Chora with the port at Livadi. This cobbled trail ascends into the hillside northwards, and it intersects with the new asphalt road. On your way you will pass many, about 10, picturesque chapels. When you meet the first houses of Kato Chora, you will see the Folklore Museum and the square. From there you will enter the village and follow the main cobble street leading to the windmills square at Pano Hora. An alternative is to go to Pano Hora by bus and then follow the route to the opposite direction which is easier.
